Exclusive luxury home located in one of the most spectacular places on the Costa Blanca, Cala del Portitxol in Jávea (Alicante), from where you can enjoy unbeatable views of the Mediterranean Sea.

As can be seen in the images, the Ten Brinke technical team has completed the work on the structure of the house and the earthworks for the garden and pool have begun.

We chose Jávea to develop Villa Sagitta because it is one of the best enclaves on the Mediterranean coast, a fashionable place and a destination chosen by many famous faces to spend a few days on vacation in the summer and by citizens from all over Europe who want to spend long periods of time, enjoying its wonderful climate, its crystal clear waters, its delicious gastronomy and its formidable corners.

The 420 m² house is distributed over two floors plus a basement, with a spectacular avant-garde design, located on a 1,605 m² plot, it has 4 bedrooms, 5 bathrooms, a 50 m² pool and more than 125 m² of terraces.

Inside, all the luxuries and comforts await their owners; modern finishes, equipped kitchen, luxury bathrooms, spa, elevator, etc. An ode to design and architecture, an amazing villa that will leave anyone who visits it speechless.

Cabrera Fine Properties selects strategic enclaves for its residential projects, places that, due to their location, provide high standards of quality of life for residents. Together with the location, the design and the typology of the homes, very much in line with current market demand, they are the main reasons for the great sales success that we are achieving.

The high demand for homes in Jávea, Moraira and Benissa, especially from buyers from Central Europe (Poland, Belgium, Holland and Germany), along with the British, Scandinavians and Spaniards, is causing Jávea to become a fashionable destination where to have a second home. Furthermore, the possibilities offered by the new "work at home" model are making many Europeans decide to move to live all year round, enjoying a wonderful climate 365 days a day.
